

## **MARIA CONCETTA PUCCI, ROMANO**

Maria Concetta Pucci, Romano received her medical degree in 1979 at the University of Naples and she completed her residency in Dermatology in 1982 at the University of Rome "La Sapienza".

She is Professor in Cosmetology and Dermatology at the University of Rome "Università Cattolica del Sacro Cuore" and she is Professor in "Terapie Speciali in Dermatologia" at the Tor Vergata University of Rome.

She is President of two Scientific Associations which she founded: "IL CORPO RITROVATO" a scientific board aimed at study and research about taking dermatological cares of patience with cancer and SKINECO, the first International Scientific Association of Ecodermatology about the connection between Skin and Environment.

She works in private practice from many years and she achieved good skills in medical communication. In fact she joined many scientific magazines as a consultant journalist and she is a book writer.

She has written two books about Dermatology open to all the people: "A TAVOLA NON SI INVECCHIA" I e II edizione; "UN'AMICA PER LA PELLE", GIUNTI EDITORE.
