

24<sup>TH</sup> WORLD CONGRESS  
OF DERMATOLOGY  
MILAN 2019

## **BONI ELEWSKI**

is Professor, Vice Chair of Clinical Affairs, Director of Clinical Research in the Department of Dermatology at the University of Alabama at Birmingham. She is also dermatology residency program director. She has research interests that include the diagnosis and treatment of cutaneous fungal infections, psoriasis and acne. She has been the principal investigator of numerous clinical research projects. Many of these have been investigator-initiated clinical trials. Dr. Elewski will consult with Dr. Craig Elmets regarding recruitment of psoriasis patients for our studies, and choosing skin biopsy sites. Dr. Elewski has had outstanding success in recruiting psoriasis patients for numerous clinical trials in the past, and currently.
