

24TH WORLD CONGRESS
OF DERMATOLOGY
MILAN 2019

LIDIA RUDNICKA

is professor and chairman at the Department of Dermatology at Warsaw Medical University in Poland.

She is president of the Polish Dermatological Society and president of the International Trichoscopy Society.

Lidia Rudnicka has gained valuable experience at multiple institutions such as Food and Drug Administration (USA), University of Liège (Belgium) and Thomas Jefferson University in Philadelphia (USA). Lidia Rudnicka has authored or co-authored over 200 articles and book chapters. Her main scientific achievement is significant scientific contribution to the development of trichoscopy (hair and scalp dermoscopy). She coined the term "trichoscopy" in 2008. She is the editor of the Atlas of Trichoscopy. Her department is being visited by multiple dermatologists and residents who seek to learn trichoscopy. Her other fields of interest and scientific achievements include melanoma, systemic sclerosis, psoriasis and lichen planus.

Lidia Rudnicka is vice-chairman and chairman-elect of the Posters Exhibit Task Force of the American Academy of Dermatology. She is associate editor of the Journal of European Academy of Dermatology and Venereology.

Lidia Rudnicka was speaker at multiple dermatology meetings, including World Congresses of Dermatology in New York, Sydney, Paris, Buenos Aires, Seoul and Vancouver. She has served as faculty at multiple meetings of the American Academy of Dermatology and European Academy of Dermatology and Venereology. She was invited speaker by many national societies worldwide and received awards, honors and honorary memberships for her contributions to trichoscopy.
